A Brief History

The Church of the Holy Trinity has always been recognised for its marvellous acoustic space and has been used for events like the performance and recording of CBC's "Music Around Us" radio series and the recording of the Cowboy Junkies' "Trinity Sessions" and "Trinity Revisited".

Music Mondays was started in 1992 as an independent community music series and has become an important fixture in the downtown core.

Music Mondays offers a glorious spectrum of Toronto's best musicians and calls on a wide range of cultural traditions and musical genres. We have been privileged to receive funding in past years from sources such as the Toronto Arts Council, SOCAN Foundation, Toronto Community Foundation, the Bickle Foundation, as well as private sponsorship from businesses and members of the community.

Our 20th season in 2011 is a lovely presentation of diverse programming. It features the wonderful variety that makes up the classical, world, blues, jazz and new music genres. Check out the inside of this brochure to see who has returned and who is new this season.....each and everyone a fine musician.....have a look inside and mark your calendars. This season promises to be highly satisfying - we hope you enjoy!
